

### **IN THE SPECIFICATION**

Please amend the specification as follows:

**Please amend the paragraph beginning on page 6, line 9, as follows:**

Digital video effects include, but are not limited to, snapshots, memories, timelines, ~~transitions~~ transitions such as warps, fades, expansions, wipes, curls, overlays, notations, borders and chromaFX. Transitions between a first and second source may be effected by applying finger pressure on the associated portion of the touch screen display panel that represents a first source and dragging that source to a different portion of the touch screen display panel associated with a second source.

**Please amend the paragraph beginning on page 17, line 19, as follows:**

The RFX modules control panel 58 has a number of components and functional areas that enable the control and manipulation of up to twelve channels of video server ~~output.:~~ output:

**Please amend the paragraph beginning on page 18, line 8, as follows:**

iv. A Transport section provides standard control over the server ~~transports~~ transports.
